- 24 Hr Monitoring and Support
  
- Indoor and Outdoor Units
- Highest Quality Parts ● Multiple Payment Options
- Diverse Color Palettes
- 1 Year Warranty

# FASTGOVPAY BILL PAY KIOSK

SECURE, MODULAR. AN INTERACTIVE DIGITAL DISPLAY THAT WILL IMPRESS YOUR CUSTOMERS AS MUCH AS IT HELPS THEM.

The FASTGovPay Kiosk was built to be fully integrated with FundView

Kiosks in the past have been very expensive to deploy, but by standardizing the solution the goal of complete self-service operations is much more attainable.

- The 19" monitor is the perfect size for more personal transactions, where customers might not want others to see what's on the screen. A privacy filter can be added to increase that level of security.
- Cash-handling components can be accessed via the bottom door, and IT Components can be accessed through the top door, each needing different keys to be opened to ensure maximum security.

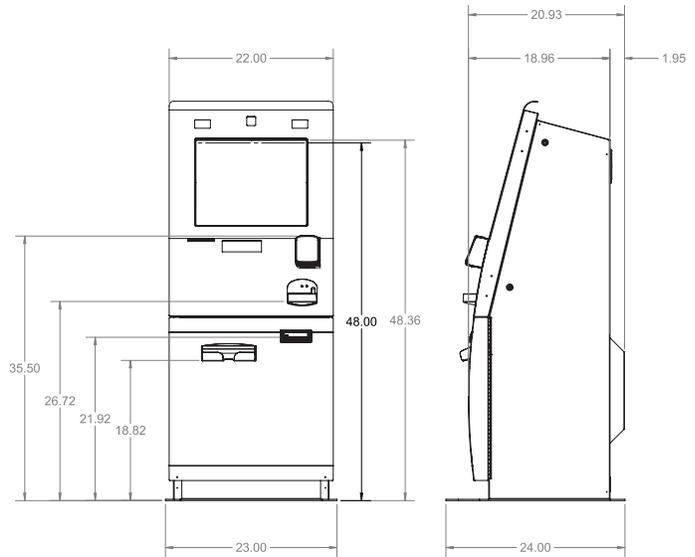

The FASTGovPay Kiosk is available in multiple colors and can also be Branded with your Logo or Seal.
